

Mayfield Park North.

Mayfield Park North is a small residential home in fishponds. The home caters for four people who have enduring mental health needs.

Currently Mayfield Park North is home to a mix of male and females who are all over the age of 50.

Facilities

The Home incorporates:

- A kitchen which service users can use to make drinks and meals of their choice
- First floor bathroom
- Lounge
- Small garden
- Shared bathroom upstairs
- Bedrooms
- Separate self-contained flat for one service user
- Ground floor ensuite bedroom.

Support

Staff at Mayfield Park north support people with every aspect of their lives, including personal care, making meals, chores and helping people to participate in activities.

Independence is encouraged and people living at the home are helped to maintain their skills and do things for themselves where possible. Service users are also involved in decision-making around the home.

There's a basement self-contained flat incorporated into the home where one service user has their own kitchen, bathroom and sitting room. This allows the person in the flat to live as independently as they wish.

Activities

Residents are encouraged to pursue their own interests and hobbies. Some people like to go out to lunch, others attend the knitting group and go to bingo.

Inside the home people enjoy watching videos, knitting, watching television, reading and listening to music. Individuals are also supported to go on holiday.

The home is situated in Fishponds, close to local cafés, supermarkets and shops. Good bus routes also operate in the area, taking people to the city centre and beyond.

Staff

Mayfield Park has six permanent members of staff and a home manager. Additional bank workers are assigned to the home, offering consistency for residents.

The experienced staff team of all worked at Mayfield Park for many years. All of the staff know the service users well.
