OUR VALUES

We start with the person. The people we support lead on how their 1:1 hours are used and which activities they take part in.

We bring people close. Staff and tenants worked together to grow vegetables in the garden.

We take our creativity to work with us.

Every bedroom has a basin that has been decorated to each person's individual taste.

We are courageous in our approach. Staff encourage community participation and organise in-house activities, such as music therapy sessions.
