

Fairburn.

THE DIFFERENCE FAIRBURN MAKES

Fairburn offers stimulating and supportive short breaks for people with learning disabilities, enabling parents and carers to take time off from their caring role. Our support away from home allows the continuity of everyday life to be maintained. We offer people the chance to develop their daily living skills and to have a taste of living independently from their families.

THREE GREAT THINGS ABOUT FAIRBURN

A range of needs - Our experienced staff team, which includes nursing staff, means we can support people with a range of complex behavioural and physical health needs.

Out and about - The home has its own minibus and we organise regular trips. On past excursions, we have gone to the theatre, the cinema and the zoo.

An ideal location - Local shops and a park are a short walk away, and Cribbs Causeway shopping centre is nearby.

AT A GLANCE

Service type - Respite

Location - Little Stoke, Bristol

Number of beds - 7

Number of floors - 2

OUR VALUES

We start with the person. Support is built around each individual, with choices offered around what to eat and what activities to do.

We bring people close. We try to build strong relationships with families, enabling them to confidently return to the service again and again.

We take our creativity to work with us. We organise activities around the home, including arts and crafts and live music.

We are courageous in our approach. We encourage people we support to be involved in the running of the home.
