THE DIFFERENCE GREENGATES MAKES

Greengates provides a home and recovery service to people with complex and enduring mental health needs. Our staff team, who have a wealth of specialist mental health knowledge, help people to develop coping strategies for managing their mental health and to build their confidence and sense of self. Greengates has a safe and nurturing environment with a strong sense of community.

THREE GREAT THINGS ABOUT GREENGATES

A sociable home - Social activities, including a textile group, happen in the home and group outings to the pub or museums are commonplace.

A spacious home - The house has large communal areas, providing opportunities to be with others as well as space to be alone and enjoy some tranquility.

Great for people with mobility issues - The home is fitted with stair lifts and many of the bedrooms have ensuite bathrooms, including some on the ground floor.

OUR VALUES

We start with the person. We take time to get to know people and put their preferences and needs at the centre of their care.

We bring people close. We foster close links with family and often involve them in activities in the home.

We take our creativity to work with us. Social activities including garden parties and carol concerts take place in the home.

We are courageous in our approach. A training room in the home enables people to develop new skills, like learning to cook.
