

Mayo House.

THE DIFFERENCE MAYO HOUSE MAKES

Mayo House is a home for people with complex needs and behaviours that challenge. Everyone who lives there has their own self-contained flat, with a kitchen and ensuite bathroom. Staff offer daily one to one or two to one support, with the aim of helping people to become more independent and to move on to their own home when they are ready.

THREE GREAT THINGS ABOUT MAYO HOUSE

A range of needs - Staff can support people who have autism, ADHD, epilepsy and BPD. They are skilled at helping people to develop coping mechanisms for anxiety.

Specialist support - Staff have years of experience of working with people with complex needs and are trained to provide specialist positive behavioural support.

Walking routes - Mayo House is in the countryside and is surrounded by scenic lanes for walking. There is a pub nearby and Yate town centre is just two miles away.

AT A GLANCE

Service type - Residential

Location - Yate, S Glos

Number of beds - 7

Number of floors - 2

OUR VALUES

We start with the person. Our support is adapted to the needs of each individual and people we support lead on their own care plans.

We bring people close. We support people to go on holiday, sometimes for a whole week away.

We take our creativity to work with us.

We encourage people to be active in their community - one person has a paper round, another is part of a football team.

We are courageous in our approach. We have a track record of successfully supporting people who've had previous placements break down.
