

Mortimer House.

THE DIFFERENCE MORTIMER HOUSE MAKES

Mortimer House provides a home and support to older adults with learning disabilities and complex health needs. We specialise in supporting people with dementia and end of life care. The care we deliver is personalised and led by the people we support. We have an Activities Coordinator in post who arranges activities and day trips.

THREE GREAT THINGS ABOUT MORTIMER HOUSE

Ideal for people with mobility issues - Our staff are fully trained in moving and handling techniques and we have a ceiling tracking hoist for mobility support.

Activities at home - In our large garden we have outdoor parties and people are supported with gardening activities. The home also has a cinema area and a sensory room.

A great location - The home is close to parks and the shops and cafés of Kingswood High Street. It's also near to attractions like Bitton Railway and Grimsbury Farm.

AT A GLANCE

Service type - Residential

Location - Kingswood, Bristol

Number of beds - 13

Number of floors - 2

OUR VALUES

We start with the person. The home has space to enable personalised one to one time between staff and people we support.

We bring people close. We strive to understand each person's preferred way of communicating, enabling staff to better respond to their needs.

We take our creativity to work with us. Each person's bedroom is decorated to reflect their individual tastes and preferences.

We are courageous in our approach. Our staff support people with their emotional wellbeing and complex eating and drinking needs.
