## THE DIFFERENCE STIBBS HOUSE MAKES

Stibbs House offers a stimulating and supportive respite care service for people with learning disabilities, enabling parents and carers to take a break from their caring role. Our staff team work to maintain the continuity of people's lives by supporting them to continue with their daily routines, as well as helping them to form new friendships and develop new skills.

## OUR VALUES

**We start with the person.** Staff respect people's choices, such as what to eat and drink.

**We bring people close.** We try to accommodate people staying at the same time as friends of theirs.

**We take our creativity to work with us.** We support people to be involved in tasks such as meal planning, shopping and washing clothes.

**We are courageous in our approach.** We offer the opportunity to experience what living away from the family home is like and help people gain confidence in their ability to do this.
