THE DIFFERENCE TEEWELL AVENUE MAKES

Teewell Avenue provides a home and support to people aged 40 and over who have enduring mental health needs. Our staff provide a supportive and enriching environment where people can develop their ability to manage their day to day life as independently as possible. People we support are treated as individuals, with their care tailored to what they need and want.

THREE GREAT THINGS ABOUT TEEWELL AVENUE

Space for activities - Teewell Avenue has enough space to allow people to pursue their hobbies, such as playing keyboard, without this impacting on others.

Communication skills - Our staff take time to understand how each person communicates, learning how and when to approach them, as well as when not to.

A great location - Teewell Avenue is close to the pubs, restaurants and cafés of Staple Hill High Street. It's also near to Page Park and bus routes into Bristol city centre.

OUR VALUES

We start with the person. From pub quizzes to art trails in the local park, we encourage people's individual hobbies and interests.

We bring people close. We foster close links with family and friends, and encourage extended visits with people staying for meals.

We take our creativity to work with us. What, when and where people we support eat is determined by their individual preferences.

We are courageous in our approach. Our staff often take a step back, encouraging people we support to take ownership of their care.
