THE DIFFERENCE THE CHESTNUTS MAKES

The Chestnuts provides support and a home for life for people with learning disabilities and a high level of complex behavioural needs. Our staff are on hand to provide support 24 hours a day. Through one to one support, we strive to get to know the people we support well and help them to work towards developing greater independence.

THREE GREAT THINGS ABOUT THE CHESTNUTS

A range of living options - One side of the home is shared by four people, while the other consists of two self-contained flats, allowing for more independent living.

Space for everyone - The home is spacious and has a large garden, which everyone can access.

A great location - The Chestnuts is in a quiet part of Yate, set amongst fields and pleasant walking routes. Yate town centre is a short drive away and buses provide easy access to Bath and Bristol city centre.

We start with the person. From trips to city farms to singing clubs, we encourage people to pursue their individual passions and interests.

We bring people close. We help people we support to maintain contact with their families.

We take our creativity to work with us. We empower people to try new things, whilst moving at a pace they are comfortable with.

We are courageous in our approach. Our dedicated team help people to develop ways of managing their own behaviour.
