THE DIFFERENCE WYVERN LODGE MAKES

Wyvern Lodge provides a home and support to adults experiencing mental health difficulties. People we support are given the opportunity to follow a personal recovery pathway, based on identified goals and outcomes. Our skilled staff help people to develop life skills, personal learning and thinking skills. They are also offered educational and vocational opportunities.

THREE GREAT THINGS ABOUT WYVERN LODGE

Building on strengths - We encourage people we support to find their strengths and rediscover interests and hobbies, using these as a basis to build confidence.

Moving on - Once a person feels ready to move on from Wyvern Lodge, staff can help them to find more permanent accommodation and support them through the transition.

A great location - The home is ideally situated in Weston-super-Mare, close to the seafront and the shops, night clubs and restaurants in the town centre.

OUR VALUES

We start with the person. From yoga to gardening, we encourage people's individual hobbies and interests.

We bring people close. A 'test drive' service allows people to get to know staff and other residents before they move in.

We take our creativity to work with us. People we support gain community connections through work schemes, college and volunteering.

We are courageous in our approach. People we support are encouraged to take on daily living tasks like shopping and managing money.
