

# Wyvern Lodge.

## THE DIFFERENCE WYVERN LODGE MAKES

Wyvern Lodge is a recovery service for working age adults with complex mental health needs. Its purpose is to support people to develop the confidence, skills and resilience to graduate to greater independence.

Each person is enabled to create and follow their own recovery pathway to achieve the goals which are meaningful to them. The service acts as a stepping stone moving people towards a life of independence and autonomy.

## THREE GREAT THINGS ABOUT WYVERN LODGE

**Building on strengths** - We encourage the people we support to identify and develop their strengths, reflecting on their actions and the outcomes, to evolve self-awareness and confidence.

**Moving on** - Wyvern Lodge is not a home for life, it is a stepping stone to a better future. The team will support each person to visualise their next steps and, when they are ready to move on, will help to identify appropriate accommodation and support them to make a successful transition.

**A great location** - The home is ideally situated in Weston-super-Mare, close to the seafront and the shops, night clubs and restaurants in the town centre.

## AT A GLANCE

**Service type** - Residential  
**Location** - Weston-super-Mare  
**Number of beds** - 8  
**Number of floors** - 2

## OUR VALUES

**We start with the person.** From yoga to gardening, we encourage people's individual hobbies and interests.

**We bring people close.** A 'test drive' service allows people to get to know staff and other residents before they move in.

**We take our creativity to work with us.** People we support gain community connections through work schemes, college and volunteering.

**We are courageous in our approach.** People we support are encouraged to take on daily living tasks like shopping and managing money.
